Dear representatives of Noise Trolley,

My name is Charles Iyoho and I'm a reporter for the Mission Publishing Group. I was interested in doing a story on your efforts to reduce the noise in the area. I would like to talk to the main person and a few others who are involved in this initiative. Please feel free to e-mail me back or contact me directly on my cell phone at [281-797-1756](tel:281-797-1756). The sooner we can coordinate an interview, photos etc. the better, so we can get the story in. Thanks for your time,

Charles Iyoho  
Reporter  
Mission Publishing Group

Hello Charles,  
We will give your letter request to some residents on different areas of our street and see who would like to be interviewed. Council member Ernest Erwin is looking into our request so  
We are hoping for action. There are longtime residents and new residents experiencing the noise element.

Thank you for your interest!
